LTC BASIC STRAPS

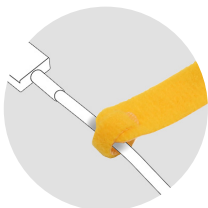

OUR NYLON FASTENING STRAPS WON'T GET LOST

Thanks to a mounting loop, the cable tie remains firmly attached to the cable even when open. This makes bundling and marking cables easy.

FIRMLY FIXED ON THE CABLE

The narrow end can be firmly connected to the cable. This means the cable tie is never lost and is always ready for deployment.

EXTRA-STRONG

You can open and close the nylon fastening straps as often as you want. Their powerful adhesiveness offers perfect hold – even with frequent use.

DIFFERENT COLOURS

LTC ROLL STRAPS come in various colours. That way, you can not only sort and bundle your cables but colour code them as well.

• *Other benefits* •

extra soft

LTC BASIC STRAPS have a surface material made of ultra soft velour, which makes them ideal for sensitive cables or plants.

reusable

Good for the environment and your wallet: You can open and close the double-sided nylon fastening tape as often as you like and reuse it for all kinds of purposes.

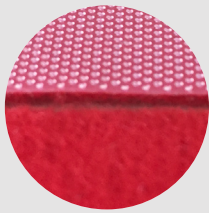

heat & cold resistant

The LTC BASIC STRAPS are extremely durable and can be used outdoors all year-round.

versatile

The double-sided nylon fastening straps can be used for almost any kind of purpose, from households and the garage - to balconies and even camping.

practically dust-free

Thanks to their small hooks, LTC BASIC STRAPS are dust-resistant for an even longer service life.

• *Application tips* •

SHORTENING

Is the nylon fastening binder too long? No problem: the LTC BASIC STRAPS can easily be shortened with scissors.

SEPARATING CABLES

With a mounting hook, you can simply separate cables that are too long or combine two cables.
